# JOHNNY ROWLETT

Johnny Rowlett's journey began 33 years ago when Johnny left the military and attended a three-year ministry school. He joined forces with Coy Huffman, the founder of Pro Rodeo Ministries, and began organizing Cowboy Church services for professional rodeo cowboys. At the same time, Johnny met and toured with TBN legend Vern Jackson. This early foundation set him on a path of faith that he continues to follow today.

Johnny Rowlett has been called a modern-day Will Rogers. He is a Nashville recording artist and songwriter, recognized three times as the Music Evangelist of the Year, and has released two number-one songs. As a member of the Inspirational Country Music Association, Johnny's Christian country music carries a message of restoration for anyone looking to transform their lives and put God first. He has four Top 5 singles, and his songs "The Truth Is" and "Old Mustang" reached number one on the Powersource Nashville charts. While he has received numerous nominations, he is most proud to be named the Music Evangelist of the Year in 2016, 2018, and 2020.
